Word from the camp leaders

Did you know that we will be going to camp with no less than 4 camp leaders this summer! We'll introduce ourselves and the bivouac through a few fun, crazy and maybe weird know-your-own facts.

- Did you know that this is the first time we are going on camp to Merksplas?
- Did you know that leader Annabel has been camp leader for 3 years?
- Did you know that every night when we went to sleep, leader Silke held the hand of leader Annabel because she was a bit homesick?
- Did you know that leader Ianka's favorite camp dance so far is "Can't Hold Us"?
- Did you know that it is leader Silke's first year as a camp leader but unfortunately also her last year as a leader?
- Did you know that Alice in Wonderland is now for the second time our camp theme? It is such a fun camp theme that we wanted to use it again!
- Did you know that leaders Ianka and Imke are the new camp leaders who will organize the best camps for many years to come?
- Did you know that leaders Silke and Annabel have been together in the chiro for 16 years?
- Did you know that leader Imke fell into the sea with all her clothes on pre-camp and got a price for it?
- Did you know that a camp with chiro girls Sint-Bartel is the eleven most magical moments of the year?

We already can't wait to finally leave on camp!

Unimaginable kisses and hugs!

Annabel, Ianka, Imke and Silke

Word from the VB's

2020, the summer in which 30 years after my very first Chiro camp (Neerpelt 1990) I now as a VB and cooking parent felt Chiro itch again to the tips of my toes! How does that feel, you ask?

Not being able to sleep the night before departure, 1000 jitters in your stomach!

The most delicious cup of coffee to wake up to, in the kitchen tent....

Watching little pinkels run by at 8am with smiles to the washroom....

Seeing the moon over the tents from your easy chair by the fire basket....

Being dead tired but still getting up every day with the biggest smile....

Handing out the mail in the food tent....

Watching the kwiks fiercely rage at the dirtiest of nastiest games....

Getting goose bumps at the camp dance...

Seeing aspiranten full of fire doing their apprenticeship with a younger department...

Drying tears when feeling homesick in the evening, but knowing that a new day with a happy face will follow in the morning...

Working with the cooking parents to do the potato coat or the dishes together and making lame jokes....

Seeing the dining tent on fire when singing after dinner....

Organizing a storytelling tour with the cooking parents and seeing the twinkle in the eyes of the speelclub

Seeing the tiptiens lashing and grunting at the camp decorations....

Enthusiastic leaders playing the camp story to tense audiences

A cooking father taking his guitar during the flat rest, singing along and enjoying....

Getting the giggles at the leadership circle at five to midnight....

Pudding for 135 people...

Feeling the silence and connection during the torchlight procession....

22 leaders who together form a team, even though it sometimes clashes ...

To see brave little pinkels survive their first camp with flying colours and above all super enthusiastically...

Letting your feet soak in a cup...

Wondering when spontaneous dance sessions arise and 101 Chiro girls are captivated by each other's talents...

Seeing a row of children with gleaming eyes as the food is served....

Enjoying a coffee and a cookie when everything takes a break after the big dishes are done....

Feeling like a chiromaniac again and giving it your all during the act on the Bonte Ring...

A cosy aperitif...

Sleeping, eating, playing, living outside... to the rhythm of the wind and the sun...

11 days of being away from the world...

Not being able to sleep the first night at home either, because your head is so full of memories and your heart is beating too hard for it!

Writing this and wishing it was already here again....

Together with Line, all the teachers and cooking parents I look forward looking forward to a supermegaformidastic bivouac to remember.

Warm Chiro Greetings
Griet

Alice in Wonderland

We all know the feeling as if we just woke up from a magical dream. You almost dare not believe all that you have experienced and yet it all feels so real.

Alice knows the feeling all too well!

When Alice was a little girl she had the craziest dream ever.

The adventure began when she walked behind a rabbit with a red vest and a pocket watch. This rabbit took her to the most wonderful world she had ever seen.

Flowers could sing, birds were made of pencils, there was a purple striped cat that could just disappear into thin air. Alice was invited to have tea and celebrate her non-birthday. She had never heard of anything so strange but she thought it was all very nice.

But Alice wouldn't be herself if she didn't work herself into a little bit of trouble. She was sent by the Queen of Hearts out of Wonderland because she had cheated in a game of flamingo cricket.

Every time Alice visits Wonderland in her dream Wonderland, she experiences a new and crazy adventure!

The next time Alice goes to Wonderland she will not be alone. Because all the girls of Chiro Sint-Bartel will come along on the adventure. Because if there is something we are good at then it is the cutest and craziest adventures during our camp.

What do we put in our suitcase?

It is very important that you have everything with you at camp, therefore the following list to make sure nothing is forgotten. May we also ask you to sign as many things as possible!

We would like to ask the parents of the Pinkels and Speelclub to attach a list with everything they have in their suitcase. This is a great help for the leaders.

It is always useful to have a bag with the clothes for one day. This prevents a lot of searching and messy suitcases.

It is best to put your belongings in a suitcase or a well-sealed bag. For the Aspi's and Tiptiens, a backpack will also come in handy. Because with a suitcase on wheels it is difficult to leave on a two-day trip.

Uniform

From the Kwiks onwards everyone wears the full uniform. Speelclub and Pinkels may of course also do so, but it is not yet mandatory. We want to show everyone that we are from the Chiro and therefore we all wear a beige skirt/pants and a red T-shirt. During the opening we wear stockings and closed shoes. If you are still missing something, you can always go to the Chiro store 'De Banier'.

Registration for camp

You can register for the camp in two ways. There is the choice to register at a registration time on Sunday afternoon or online.

The cost of the bivouac is €125 for the oldest member of the family (boy or girl does not matter) and €115 for brothers and/or sisters. There is also the possibility to pay the registration fee via an installment plan. The registration fee will then be paid in three installments. You will be given full details of payments at registration.

Online registration

Registration is possible from June 3 to June 13, 2021. We will send you the link with the form that needs to be completed in good time. Those who are registered, transfer the appropriate amount to the account below before June 20, 2021.

Account number: BE36 7371 2729 6981

Announcement: Bivak + name(s) daughter(s)

Registration time

On Sunday, June 13, we will be hosting a sign-up event at the Korendries from 1:30 pm to 2:30 pm. Be sure to bring the registration fee in cash.

Registration is possible from June 3 until June 13. After that date it is no longer possible to register your daughter(s) for the camp. We will send you the link with the form that needs to be filled out in time.

Corona - Camp 2021

We are all extremely relieved and happy that we get to go back to camp this summer. Right now there are two options on how we will organize the camp. Which of the two options it will be will depend on the corona numbers. We will let you know in a timely manner how the camp will ultimately be organized.

Option 1

We will organize the camp in bubbles of 50 members. The camp will be similar to last year. The camp site will be adapted to this bubble system so that we can ensure safety. .

Option 2

If the corona numbers allow it, it could also be that we are allowed to camp in bubbles of 100 members. This will give us the space to hopefully all go to camp together in a large bubble.

Unfortunately, we will not be able to host a visitation day this year either, but getting letters and cards will be all the more fun.

We would also like to emphasize that during the camp you can only contact our adult supervisors, Line and Griet, and only in extreme cases. The leaders are not reachable during the camp.

Griet Delahaye: 0496 34 01 43

Line Herregods: 0486 40 41 62

We understand that these are difficult times, but we will always communicate openly and honestly with you. You will receive all the necessary information in good time, which we will streamline step by step.

Important information

Departure and return

Everyone will be leaving on **Thursday, July 22**. We will not be using public transportation this year, but ask that you bring your daughter(s) to the camp site and pick them up again yourself.

This will be done according to a strict time schedule

Thursday 22 July 2021

- 12.00h: arrival bubble 1 girls
- 13.00h: arrival bubble 2 girls

Sunday 1st of August 2021

- 11.00am: departure bubble 1 girls
- 12.00pm: arrival of bubble 1 boys
- 13.00h: departure of bubble 2 girls
- 14.00h: arrival bubble 2 boys

Like last year, we will go on camp in different bubbles. The camp grounds will be completely adapted to this bubble system so that we can ensure safety.

We emphasize that it is extremely important that you respect these hours. When the registrations are closed we will let you know which bubble your child belongs to

Allowance

For Pinkels, Speelclub and Kwiks, 15 euros is definitely enough. Please give this to your daughter(s) in a small wallet. They can use their pocket money to buy stamps, cards, a sweet or a drink.

From the Tippers onwards, the children themselves are responsible for their own money.

Candy

Too much snacking is not good so that is why we leave it at home. The kitchen makes sure we don't have to go hungry or thirsty. They provide a good variety of healthy and sweet snacks.

GSM

During camp, we do not need to be reachable at all. From Pinkels to Kwiks we ask not to bring a cell phone. For Tippers, Tiptiens and Aspis, arrangements will be made within the department.

Lices

Every year we find that we have unwanted guests at camp. Be sure to check for lice in advance.

Green is the new gold

Chiro Sint-Bartel is also committed to doing its part to make our planet more sustainable. We already made some changes, but you can also help!

We strive to use no disposable washcloths since they do not promote a sustainable society. The teachers hang enough clotheslines so that the washcloths can dry every day.

Finally, we also encourage you to bring a water bottle instead of plastic bottles. Together we can make the waste mountain a little smaller.

Our address

During camp, letters and cards are certainly welcome at the address below! We find postal packages in all sizes and weights a bit superfluous. Receiving a letter or card is just as much fun as a postal package, maybe even more! We do not want to make it a competition to get the most mail.

Esberg vzw
T.A.V. name of the child
Hoekeinde 72-74
2330 Merksplas

May we ask the parents of the youngest children to make envelopes in advance to which they should write or give labels. You may bring envelopes and stamps, but these can also be purchased at the camp.

During the camp you can reach us FOR EMERGENCY via one of our two adult counselors.

Costumes

For group day and bontering, you may dress up in someone from the movie Alice in Wonderland. You certainly don't have to buy a costume for this but can get creative on your own. Let your imagination run wild.

Alice, the crazy hatter, the coal cat, the queen of hearts.... Anything goes!

Campradio

As in years past, you can follow the adventures of your dearest sprouts day by day thanks to our camp radio.

Camp radio is a system whereby we broadcast a report of our adventures. This way you can listen to what your children are doing every day.

The system is very easy to use. We leave a voicemail message for you to listen to over the phone.

Procedure to follow

You can call 24/24 on the number:

0900 - 10 020

(0.45 euro/minute)

The code for our accommodation is

Finally

We hope this booklet has told you everything you need to know. If you still have questions, please do not hesitate to contact one of the leaders.

The counselors and cooking parents have prepared the camp down to the last detail and are doing everything they can to make it run as smoothly and safely as possible for each bubble.

One thing is certain: it will be an unforgettable camp!

Forget-me-not

- Everyone brings a mouth mask!
- Dropping off and picking up your daughter(s) is done on a punctual schedule so that the bubbles do not overlap.
- Costumes: Alice in Wonderland character
- Everyone's safety always comes first.

We're looking forward to it!
